

Colorful Cubes Tutorial

The fun thing about crochet is you can modify any pattern to you liking.

Here is a loose pattern for the colorful cubes I have been making for my much loved pillow shams.

Hook 4.00 mm / G6

Chain 4 slip stitch together, or magic circle. Whatever you like best.

Round 1: Chain 3, 2 DC, *Chain 2, DC 3 stitches, repeat at * 2 more times, slip stitch to finish round.

Round 2: Chain 3, turn work (optional) *2 DC, chain 2, 2 DC into corner. DC in the next 3 stitches, Repeat at * all the way around. Remember your chain 3 counts as a stitch so you only need 2 DC on the last side, slip stitch to finish round.

Round 3: Chain 3, turn work, DC in each stitch and 2 DC, chain 2, 2 DC into corners. Slip stitch to finish round.

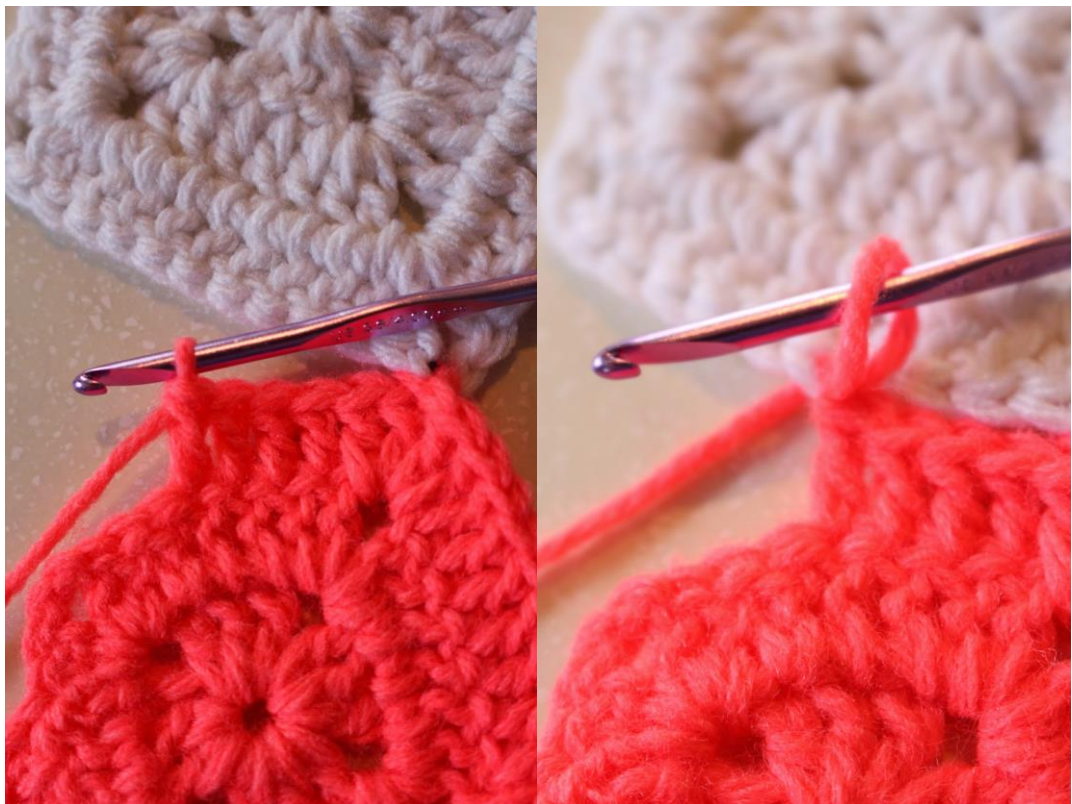

You now have your first cute little cube.

I am addicted to joining as you go. I swear it cuts out a lot of time on projects.

I join each cube once in the corner, once in the center and again in the corner with a simple slip stitch.

Then back to finishing off the round.

Ta Da!! Now just repeat process till you have the size block desired.
Makes a super cute pillow, blanket, bag, or really anything!!
