Sew on a button to the middle of the front flap

Tail

With G hook

Worked in rounds, do not join. A stitch marker might be useful here but is not necessary.

1. CH10

to work in rounds I bring the first CH around to my hook and SC right into that CH.

2. SC in each stitch till desired length, I did 12 rows.

Sew one end to diaper cover

Make a tassel, I just used my fingers to make it about 2 inches long

Put top part of tassel in tail and sew the tail part closed and run a few stitches in the middle of tassel to secure it in the tail.

You will need another button for the front of the Diaper Cover.

That's it! Enjoy!
