

Harlequin Hoodie

FINISHED SIZE

Hood Height: 11" at opening, 17" at back
Hood Depth: 10"
Cowl Height: 6"
Cowl Length: 61" circumference
(See page 4, **[Figure 6]** for a visual)

MATERIALS

- Any medium (worsted) weight yarn or yarn used in photo:
 - [Vanna's Choice](#) in Lime, Sapphire, and Raspberry
 - [Vanna's Choice Baby](#) in Duckie
 - [Red Heart Soft](#) in Lilac, Tangerine, and Turquoise
 - [Red Heart Soft Baby Steps](#) in Aqua & Strawberry
 - [Loops & Threads Impeccable](#) in Lush & Cherry
- Size I/9/5.5mm crochet hook or size needed to obtain gauge
- Tapestry needle

GAUGE

Size I hook and medium/worsted weight yarn: 6 rows of Granny Stripe Pattern = 3", 6 dc shells of Granny Stripe Pattern = 3"

ABBREVIATIONS USED

st(s) = stitch(es)	sc3tog = single crochet 3 stitches together
sl st = slip stitch	dc3tog = double crochet 3 stitches together
ch = chain	BL(s) = Back Loop(s)
sc = single crochet	yo = yarn over
dc = double crochet	sp = space

PATTERN NOTES

All figures can be found on page 4.

Color changes have been omitted from pattern instructions. In photo, colors were changed every 2 rows for both HOOD & COWL.

INSTRUCTIONS

HOOD

Granny Stripe Pattern

Ch 79 – this forms the hood opening. To adjust the size of your HOOD, start with a shorter/longer chain. Chain needs to be a multiple of **3 plus 1**.

- Row 1 (wrong side): 1 dc in 4th ch from hook and in each ch across, turn. – 76 dc
- Row 2 (right side): ch 3, 1 dc into 1st dc, (skip next 3 dc, 3 dc between 3rd & 4th dc)(repeat across), end row with 2 dc between last dc and beginning ch 3, turn. – 24 ^{3-dc shells} & 2 ^{2-dc shells}
- Row 3: ch 3, 3 dc between the 1st 2-dc shell and 3-dc shell, (3 dc between next 3-dc shells)(repeat across), end row with 3 dc between last 3-dc shell and 2-dc shell, 1 dc into top of ch 3 from previous row, turn.
- Row 4: ch 3, 1 dc into 1st dc, (3 dc between next 3-dc shells)(repeat across), end row with 2 dc between last 3-dc shell and ch 3 from previous row, turn.

Rep Rows 3 & 4 for a total of 18 rows (18 rows = 9 color rows, if changing color every 2 rows). Do not fasten off last color. Piece should measure 25" X 8½" – add more/less rows to increase/decrease depth of hood (EDGING will add another 1 ½" to depth).

Fold fabric in half, lengthwise, with right sides together. With current yarn, sl st the back loops of last row together, being careful to ensure stitches are lined up evenly **[Figure 1]** – there should be 38 sts on each side. This forms the back seam of HOOD. Fasten off, weave in ends, and turn HOOD right side out.

COWL

With HOOD opening facing you, join new color to bottom right corner of HOOD (same space as 1st ch from HOOD), ch 126. To adjust the length of your COWL, start with a shorter/longer chain. Chain needs to be a multiple of **3**. Join chain to opposite corner at base of HOOD, ensuring chain is not twisted.

Position HOOD upside down with long chain to your left.

- Round 1: ch 3, 1 dc in 2nd ch from corner and in each ch across (125 dc + beginning ch 3); working around base of HOOD, place one 3 dc-shell for every 2 rows on HOOD **[Figure 2]** (18 ^{3 dc-shells}), join with a sl st to top of beginning ch 3.
- Round 2: sl st into next 2 dc, sl st between current dc and next dc, ch 3, 2 dc into same sp, (skip next 3 dc, 3 dc between 3rd & 4th dc)(repeat across front of COWL), working around base of HOOD, (3 dc between next 3-dc shells)(repeat around base of HOOD), join with a sl st to top of beginning ch 3 and in next 2 dc – 60 ^{3 dc-shells} worked.
- Round 3: sl st into sp between 3-dc shells, ch 3, 2 dc into same sp, (3 dc between next 3-dc shells)(repeat around), join with a sl st to top of beginning ch 3 and in next 2 dc

Repeat Round 3 for a total of 8 rounds (width of 3 ¾"). Add more/less rounds to increase/decrease width of COWL (EDGING will add another 2 ¼" to width). Fasten off and weave in ends.

EDGING

dc3tog = (yo, pick up a loop in next st, yo, draw through 2 loops)(repeat 2 more times), yo, draw through 4 loops on hook.

sc3tog = (insert hook into next st and pick up a loop)(repeat 2 more times – 4 loops on hook), yo, draw through all loops on hook.

Working on top edge of COWL and front of HOOD, with right side facing, insert hook between any 3-dc shell & pull up new color.

- Round 1: ch 3, 2 dc into same sp, 3 dc between shells around HOOD & COWL, sl st to top of beginning ch 3 and in next 2 dc
 - At each corner, dc3tog into corner sp **[Figure 3]**
- Round 2: sl st between shells, ch 3, 2 dc into same sp, 3 dc between shells around HOOD & COWL, sl st to top of beginning ch 3
 - At each corner, dc3tog the following sts **[Figure 4]:**
 1. sp *before* dc3tog from Round 1
 2. dc3tog from Round 1
 3. sp *after* dc3tog from Round 1
- Round 3: ch 1 (does not count as 1st sc, here, and throughout), sc into same st and in each dc around HOOD & COWL, sl st to first sc
 - At each corner, sc3tog the 3 corner sts **[Figure 5]**
- Round 4: ch 1, sc into same sc and in next 2 sc, ch 2, sl st into 2nd ch from hook, (1 sc into each of next 3 sc, ch 2, sl st into 2nd ch from hook)(repeat around HOOD & COWL), join with a sl st to first sc. Fasten off & weave in ends.
 - At each corner, sc3tog the 3 corner sts **[Figure 5]**

Working on bottom edge of COWL, with right side facing, insert hook into any dc & pull up new color.

- Round 1: ch 1 (does not count as 1st sc, here, and throughout), sc into same dc and in each dc around COWL, sl st to first sc – 180 sc
- Round 2: ch 1, sc into same sc and in next 2 sc, ch 2, sl st into 2nd ch from hook, (1 sc into each of next 3 sc, ch 2, sl st into 2nd ch from hook)(repeat around), join with a sl st to first sc. Fasten off & weave in ends.

Attach pom-poms or tassels to tip of HOOD, if desired.

Enjoy!!!
