

# Corylus

*Corylus is a pretty iPad Sleeve featuring a gorgeous leaf and cable pattern that mimics the twisting branches and leaves of the Hazelnut tree.*

Free pattern support: [kalurah@whiletheyplay.com](mailto:kalurah@whiletheyplay.com)

*Knit in Knit Picks' "Bare Swish Bulky" on smaller needles to create a dense, springy fabric for optimal shock absorption for those perilous falls to the ground*

*A large button and knitted button loop (No crochet hook needed!) close up the sleeve to ensure that your notebook won't slide out.*
