46" ←→

39" (↑top to bottom↓ of photo)

Difficulty: Easy to intermediate

Materials Needed:

- ★ Yarn: Super bulky size 6 yarn
- ★ I used (Yarnspirations) Bernat Softee Chunky in:
 - MC - Linen (324 yards/3 skeins)
 - A - Wine (324 yards/3 skeins)
 - B - Dark Green (216 yards/2 skeins)
- ★ Crochet hook size N/P 10.0mm
- ★ Tapestry needle (for weaving in ends & buttons)
- ★ Two medium buttons that will fit through an hdc
- ★ Scissors

Gauge:

8 hdc across and 6 hdc rows tall: 4"x4"

*Use whatever size hook to achieve gauge.

Note: Gauge for this is not completely necessary as you can keep going for however long you want your tree skirt to be. If it's slightly off from my measurements it's no big deal.

Stitch guide:

MC: Main color (Linen)

A: Second color (Wine)

B: Third color (Dark Green)

Ch= Chain

St= Stitch

Sts= Stitches

Inc= Increase

Hdc= Half double crochet

Hdc2tog= Half double crochet two together:

-Yarn over, insert hook in next stitch, pull loop through. Next, yarn over again and pull up a loop through the stitch next to the one you just went through. You should now have 5 loops on your hook. Yarn over and pull a loop through all five loops. This will result in a decrease of one stitch.

to= Anything in between two asterisks needs to be repeated as indicated after the last asterisk.

Pattern Notes:

-There will be two panels that connect together and form a skirt around your tree.

-At the beginning of every row: Although you are doing an hdc, you will begin in the 2nd ch from your hook instead of the 3rd. This is for shaping reasons.

-you can make the skirt longer if you'd like. All you need to do is continue in the increasing fashion, and you will need roughly 2-3 skeins for each additional color stripe.

-This skirt is designed for a standing tree stand.

Pattern notes continued:

- To change to a different color: On the last hdc of row, yarn over pull loop up through next st (you will now have 3 loops of one color on hook), pull new color through all 3 loops. After I like to tie together the ends of both yarns in a knot so they don't come undone.

From photo left to right:

1 & 2: Pull new color through last 3 loops of hdc.

3. Find both cut ends of different colored yarns.

4 & 5: Tie in knot.

Panels one and two:

-Weave in all ends.

Layout:

You will now have two panels. Lay them opposite of each other.

**Buttons and Ties:****Buttons:**

- Use two medium sized buttons, or buttons small or large enough to fit through an hdc.
- The buttons I used are 1" wide.

Step 1:

Find the small flap on each panel:

Step 2:

Attach button to flap, pull button through hdc on opposite panel

**Step 3:**

Repeat on opposite panel

Ties:

- Ch 35 (or desired length), fasten off and weave in ends.
- Make 4 of these.

Step 1:

Pull ch rope through each side wherever you would like them to go.

**Step 2:**

Tie in whatever way you like. I made two bunny ears and tied them together.
