EMBROIDERING THE SPOTS

Using white yarn and your knitter's sewing needle, embroider a series of white marks onto the blue part of the body in a similar pattern to the one on the title page. The patterns on Whale sharks are like our fingerprints, each shark is different, so don't worry too much about getting the marks in the right spot.

Stitch the dorsal fin to the body, matching the 10th stitch on row 1 of the fin to the marked stitch on row 103 of the body.

Stitch the first of the 2nd dorsal fins to the top side of the body, matching the 6th stitch on row 1 of the fin to the marked stitch on row 129 of the body.

If you want to attach eyes, fix eyes in place just behind the edges of the mouth.

Fill the inside of the shark + pad the body and give volume to the tail.

Sew along the 1st row of the body and turn the first 55 rows inside the rest of the body.

ENJOY!
