

White crochet summer dress, Size M

Material:

500 g cotton yarn (50 g/165 m)

Crochet hook size 2,5

Instructions:

Start with one small doily (chart). When you do the next doily, you should connect it to the first one. Continue crocheting until you have the desired size.

For the dress you need about 125 - 130 doilies. Try if the dress fits, eventually crochet more doilies and add them.

You can also make the dress shorter or maybe longer. On upper and lower edge crochet 1 row scr around.

For the shoulder straps start with 3 ch, next row and all following rows: 3 ch, 2 doble crochet. Repeat this until you have the about 45 cm length.

To prevent the straps from expanding make a zigzag seam with the sewing machine, use polyester thread.

Then attach the shoulder straps to the dress and sew them on very well.

Iron the dress carefully.
